

Inhalt/Contents

Vorwort/Preface Petzold, Ralf	5
Prolog	7
01 - Health risks and safety hazards related to insects and mites in stored products Hansen, Lise Stengaard	8
02 - Pest Control and Constraints in Flour mills Reichmuth, Christoph	9
03 - Stored product protection in grain storage with special regard to phosphine fumigation Jakob, Gerhard	13
04 - Adoption of sulfuryl fluoride for the control of stored product insects in Europe and future development Buckley, Stanislas; Drinkall, Mike	15
05 - Rodents – health risk and control measures Hamel, Darka	18
06 - EcO2 controlled atmosphere® & heat for stored product protection (incl. structural disinfestation) Van Golen, Jacobien	20
07 - Five economic principles applied to stored product protection Schaub, James D., Ph.D.	23
08 - Prospects for biological control of stored-product pests Schöller, Matthias	25
09 - Some like it hot – some not: Differences in temperature preference of two parasitic wasp species Niedermayer, Steffi; Steidle, Johannes L.M.	31
10 - Physical control of stored product insects Adler, Cornel	33
11 - Heat treatments, state of the technology Hasenböhler, Anton	36
12 - Residues of Biocides and Pesticides in Stored Product Protection (SPP) Available active substances, specific problems Michalski, Britta	40
13 - Grain and seed storage in France: State of practice and perspectives Mathie, Maud	45
14 - Efficacy against eggs of <i>Tribolium confusum</i> and <i>Tribolium castaneum</i> after fumigations with sulfuryl fluoride (ProFume®) in flour mills Ciesla, Yann; Ducom, Patrick	48

15 - Post harvest protection against insects in the bulk grain supply chain the views of economic operators Segard, Matthieu	51
16 - Cross-contamination of oilseeds by insecticide residues during storage Dauguet, Sylvie	53
17 - Fumigants in Stored Product Protection Reichmuth, Christoph	56
18 - Ozonation – What is the potential? Application of ozone as an alternative to traditional fumigants Hansen, Peer	64
19 - The Crop Protection Industry´s View on the Regulatory Situation for SPP Chemical Fischer, Regina C.	68
20- Actual registrations for post harvest disinfestations and perspectives in France Ducom, Patrick	70
21 - Best Practice takes the place of Insecticides in dried Tobacco Handling Kelly, Mike	74
22 - Status and recent development in stored product protection in Denmark Hansen, Lise Stengaard	76
23 - Stored Product Protection Perspectives in Spain Riudavets, Jordi	77
24 - Reaction of Polish industry to reduction of pesticides suitable for stored product protection Ignatowicz, Stanislaw; Olejarski, Pawel; Oboza, Stanislaw	80
25 - Plant protection products and biocides Hamel, Darka	86
26 - Latest developments in the registration of SPP chemicals in Germany and Europe Holzmann, Achim	89
27- The new Regulation on placing plant protection products on the market – possible impacts on stored products protection Reinert, Wolfgang	93
Epilog	96
